NOTE FOR: Director of Information Services  
FROM: [REDACTED] Chief, Regulatory Policy Division  
SUBJECT: Your Meeting with DDA on Thursday

STAT

RPD suggests two items you might wish to mention to the DDA during your meeting:

(1) The [REDACTED] suggestion to Chairman, TPC to do away with field regulatory issuances. [REDACTED] informed me today that the TPC had considered the suggestion for about 30 days and decided that it had merit. Accordingly, Chairman, TPC prepared a memorandum and sent it via the DDO to the DDA; and then, I believe, it will go forward to the EXDIR.

(2) On 7 May, RPD received a request originated by the DO (Office of External Developments) for 1,000 copies of the D/OP testimony on CIA Retirement presented before the House Committee on Post Office and Civil Service. The telephone request was transmitted by the DO/IMS distribution officer who mentioned the OED is part of the Recruitment and Training Office and they needed the copies for the new recruits coming in.

I talked to [REDACTED] who made a preliminary check and confirmed that the copies were needed for recruitment but he was unclear just how these would be distributed. John said he would talk with someone else in DO and get back to me. I told John if he was then satisfied with the nature of the request, we would order the additional 1,000 copies.
